INFORMATION DISCLOSURE
STATEMENT UNDER 37 CFR §1.97 and
§1.98

Mail Stop: RCE
Commissioner of Patents
P. O. Box 1450
Alexandria, VA 22313-1450

Sir:

In reviewing the present file history, applicants note the while the text of applicants' Information Disclosure Statement received by the USPTO on January 17, 2001 references an enclosed International Search Report (ISR), the referenced ISR was not specifically listed in the PTO-1449 form of that submittal.

In the PTO-1449 form of the present Information Disclosure Statement, applicants specifically reference the ISR in PCT/US00/23592 previously submitted (but not specifically referenced in a PTO-1499 form), and further submit for consideration of the Examiner, the Written Opinion and an International Preliminary Examination Report (IPER) from PCT/US00/23592. Applicants also submit recently issued family related patents.

It is respectfully requested that the cited references be expressly considered during the prosecution of this application, and the references be made of record therein and appear among the "references cited" on any patent to issue therefrom.

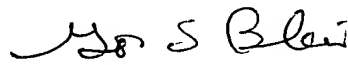

As provided for by 37 CFR §1.97(h), no inference should be made that the information and references cited are material to patentability. Also, no inference should be made that a reference is prior art merely because it is included in this statement. Under 37 CFR §1.97(g), the submission of an information disclosure statement should not be considered as representation that a search has been made.

The Commissioner is hereby authorized to charge any additional fees associated with this communication or credit any overpayment to Deposit Account No. 50-0289.

Respectfully submitted,

WALL MARJAMA & BILINSKI LLP
